TABLE OF CONTENTS.

MEDICAL DEPARTMENT.

No. Med./B.-14/14210 of 1940.

Office of the Director of Health Services and Inspector-General of Prisons, Sind,

Karachi, 29th August 1940.

From

Lieut.-Colonel N. Briggs, D.P.H., I.M.S.,
Director of Health Services and Inspector-General of Prisons, Sind.

To

THE CHIEF SECRETARY
TO THE GOVERNMENT OF SIND,
General Department, Sind Secretariat,
Karachi.

Subject.—Annual Report on the Civil Hospitals and Dispensaries in the Province of Sind for the year 1939.

Sir,

I have the honour to submit for the information of Government the annual report on the Hospitals and Dispensaries in the Province of Sind for the year 1939.

ADMINISTRATION.

2. During the year under report, Lieut.-Colonel N. Briggs, M. R. C. S. (Eng.), D. P. H. (Eng.), I. M. S., held charge of the Medical Department.

PERSONNEL.

Indian Medical Service.

3. Lieut.-Colonel B. F. Eminson, M.B.B.S. (Lond.), D.O.M.S., I.M.S., and Major J. E. Gray, M. B., B. Ch. (Belf.), I. M. S., held charge of the Civil Surgeoncies of Karachi and Hyderabad respectively.

The posts of two Indian Medical Service Officers, *viz.*, the Civil Surgeon, Karachi, and the Civil Surgeon, Hyderabad, continued to be borne on the joint cadre with the Province of Bombay.

Provincial Medical Service.

4. The cadre of this service was finally separated from the Province of Bombay.

Provincial Medical Service, Class I (Division I) ..	3
Provincial Medical Service, Class II	13

The strength of the Provincial Medical Service (Class II) was reduced from 14 (in 1938) to 13 on account of the reduction in the Leave Reserve of Sind Medical Service, Class II.

Mr. D. P. Sethna, M. B., B. S. (Bom.), L. R. C. P., M. R. C. S. (Eng.), F.R.C.S. (Edin.), B.M.S., Class I (Division I), reverted to the Province of Bombay during the autumn and a Medical Officer, Class II, was consequently promoted provisionally to officiate in the vacancy caused.

Sind Subordinate Medical Service.

5. At the end of the year under report this cadre stood as under :—

Permanent	106
Leave Reserve	14
Temporary	6
Total ..	126

Buildings.

6. (*a*) During the year no major work was undertaken.

(*b*) Minor works (*i. e.*, additions and alterations to Hospital buildings) to the extent of Rs. 23,383 were carried out.

STATEMENT A.

7. The total number of institutions open at the beginning of the year under report was 195. During the year 24 dispensaries were opened. The number of institutions open on 31st December 1939, was 219.

STATEMENT B.

8. The following table shows the distribution of Medical Officers (including Honorary Medical Officers), Nurses, Midwives,

Dais and Compounders in the several classes of institutions, during the year 1939 :—

Class of Hospitals and Dispensaries.	Medical Officers.	Nurses.	Midwives.	Dais.	Compounders.
I. State Public ..	72	49	..	4	23
II. State Special ..	10	..	..	..	6
III. Local and Municipal Fund.	122	23	10	40	126
IV. Private aided ..	20	28	37	16	11
V. Private non-aided.	13	9	6	18	10
VI. Railway ..	21	4	1	..	16
Total..	258	113	54	78	192

STATEMENT C.

9. The following table shows the number of patients treated, their daily average number, death-rate and the number of beds available, etc., during the year 1939 as compared with the previous year :—

Description.	1938.	1939.
Number of in-patients treated	40,352	45,950
Number of out-patients treated	11,73,970	14,29,257
Total number of patients treated	12,14,322	14,75,207
Number of beds available	1,692	1,862
Daily average attendance of In-door	1,321·63	1,512·98
Daily average attendance of Out-door	11,270·09	13,845·67
Total number of patients treated at Female Hospitals	90,087	1,26,628
Number of cures*	27,266	31,438
Number of deaths*	1,287	1,356
Ratio of deaths' percentage to the total treated ..	3·2	2·9

*Among in-door patients only.

STATEMENT D.

10. The sub-joined statement shows the principal diseases among the patients treated in the State-Public, Local, and Municipal Fund, and Private aided institutions during the year 1939, as compared with the year 1938, and the mortality among in-patients:—

Name of disease.	1938.		1939.	
	Cases.	Deaths.	Cases.	Deaths.
Cholera	76	2	3	..
Dysentery	21,837	25	25,100	11
Influenza	13,359	1	15,444	4
Leprosy	233	10	275	11
Malaria	2,63,466	17	3,21,735	17
Plague	..	..	..	..
Pneumonia	9,907	174	12,013	182
Small-pox	255	11	215	
Tuberculosis of the lung ..	5,542	54	6,971	58
Other forms of Tuberculosis ..	2,984	13	3,133	11
Injuries—Local and general ..	73,135	201	83,129	225
Labour cases (Normal and abnormal.	7,631	55	9,143	46

STATEMENT E.

11. The total number of surgical operations during the year was 67, 539 with mortality of ·32 per cent. against 55,437 in 1938 with mortality of .44 per cent.

STATEMENT F.

12. The following table shows the receipts and expenditure on account of the maintenance of hospitals and dispensaries during the year 1939:—

Particulars.	Receipts.	
	1938.	1939.
Cash balance on 1st January	3,66,560	4,10,320
Contributions from Local Bodies	4,46,462	5,35,937
Contributions from Government.	5,61,575	5,61,847
Miscellaneous receipts including hospital fees charitable contributions etc.	2,66,600	2,90,729
Total		

Particulars.	Expenditure.	
	1938.	1939.
Gross Expenditure	12,36,445	13,65,267
Deduct amount credited to treasury in case of Government Hospitals or credited to Dispensary Fund in case of dispensaries on account of hospital fees, sale of unserviceable articles, etc., and also amounts invested during the year.	—1,63,517	—2,22,277
Net cost ..	10,72,928	11,42,990
Average cost per diet	0—3—11	0—3—9

STATEMENT G.

13. The year opened with the invested capital of Rs. 5,38,896; and Rs. 1,04,024 were invested. Securities worth Rs. 76,499 were sold and withdrawn leaving the total invested capital at the end of the year 1939 at Rs. 5,66,421.

General Remarks.

14. (1) The record of work in the Medical Department in respect of medical relief has been of steady advance and, notwithstanding financial limitations, definite progress has been made.

The number of patients treated, both in-door and out-door, was 14,75,207 against 12,14,322 in the preceding year. The daily average attendance was 15,358.65 compared with 12,591.72 in 1938.

The number of minor and major operations performed at various hospitals and dispensaries was 67,539 against 55,437 in 1938 with mortality of .32 per cent. and .44 per cent. respectively.

The number of beds have been increased from 1,692 in 1938 to 1,862 in 1939.

In order to bring medical relief within easy reach of the rural population, Government undertook to give grants-in-aid to District Local Boards, on the usual grant-in-aid terms for the opening of

permanent dispensaries in central villages in the districts in addition to those already established. Government also agreed to provide Government Medical Officers and gave the local authorities the right to receive a grant-in-aid for one of their existing un-aided dispensaries provided they opened another dispensary elsewhere in their respective districts. The response from the Local Bodies was very encouraging and nine such dispensaries were established during the year against eight opened in the previous year. The usefulness of these dispensaries cannot be over-emphasised in as much as they provide permanent means of medical relief. It is strongly recommended that eight more grant-in-aid dispensaries on the terms and conditions enunciated in Government Resolution, General Department, No. 876-G. B./36 (III), dated the 31st May 1938, may be established.

The institution of travelling dispensaries has proved very popular and the number of cases treated by medical officers in charge of these dispensaries has been large. Anti-malaria work and propaganda work was carried on regularly. There is no doubt that they would prove invaluable in an out-break of epidemic disease in rural areas.

The question of providing additional motor travelling dispensaries for other districts is under consideration.

(2) Realising the large increase in the amount of work carried on at the various hospitals, Government sanctioned the following additional staff :—

5 Male Sind Subordinate Medical Service Officers.

3 Lady Sind Subordinate Medical Service Officers.

1 Assistant Steward.

1 Almoner.

3 Compounders.

1 Dresser.

6 Male ward servants.

3 Female ward servants.

3 Cooks.

1 Dhobi.

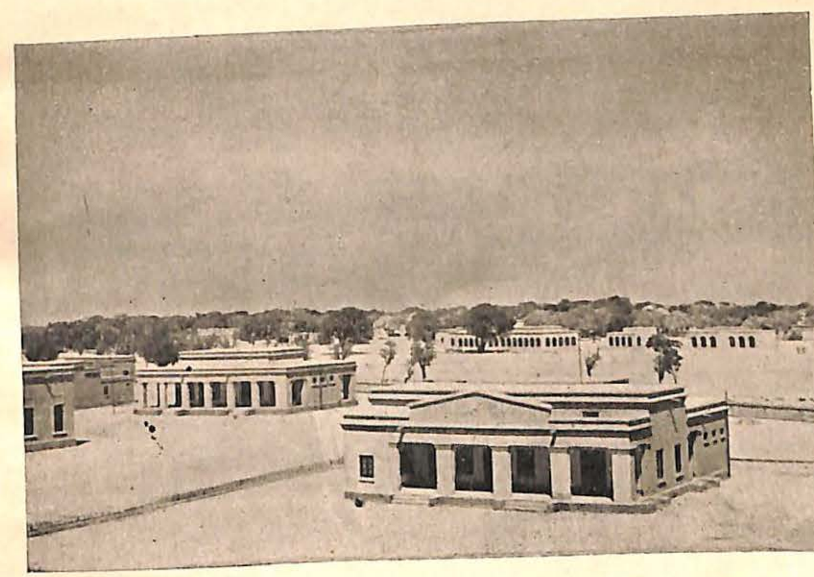

3 Malhis.

4 Male sweepers.

4 Female sweepers.

View of the Graham Hospital, Nawabshah, opened by Lady Graham on the 19th December 1939.

View of the Lady Sykes Red Cross Maternity Home, Nawabshah. In the back-ground on the left is the Isolation Ward of the Graham Hospital.

The inferior staff provided at various Head-quarters' Hospitals falls short of the actual requirements and is generally reported to be very much over-worked. There is still an urgent necessity to provide additional establishment in order to run the institutions on efficient lines.

Increased facilities for medical aid to the women of the Province and especially for those in the mofussil are very necessary A start in this direction was made by Government in sanctioning three posts of lady doctors in the Subordinate Medical Service for the Head-quarter Hospitals at Dadu, Nawabshah and Mirpurkhas. The question of providing lady doctors at the Civil Hospitals, Sukkur, Larkana and Jacobabad is under consideration.

Before the separation of Sind, expenditure on medical relief was Rs. 6,51,909 in 1935-36. The figures given below will show how the expenditure has increased year by year as more facilities have been provided :—

1936-37	7,20,395
1937-38	7,33,587
1938-39	7,87,518
1939-40	8,53,468

Even so the grants are not sufficient, and there are several schemes under consideration to be financed when funds become available.

In order to standardise the diet scales at all the State Hospitals in the Province, proposals have been submitted to Government which are under consideraton.

(3) The outstanding event of the year was the opening of the Graham Hospital, Nawabshah, by Lady Graham on the 19th December 1939. The hospital buildings were completed at a cost of Rs. 1,78,585 and are equipped with modern and up-to-date furniture and appliances. A handsome sum of Rs. 50,000 was contributed by the District Local Board, Nawabshah.

(4) Another notable event of the year was the establishment of an Association at Dadu for the purpose of collecting funds for the construction of a new District Hospital. Government were pleased to announce that a sum of Rs. 50,000 would be given towards the construction of the buildings and the work is now in hand.

The early construction of these two new District Hospitals is due to the great interest taken by His Excellency and Lady Graham.

(5) Amongst other works completed during the year, were a new Out-patients' Department at Larkana and the installation of an X-Ray Apparatus at the Civil Hospital, Sukkur.

(6) Government sanctioned the purchase of refrigerators for the Civil Hospitals at Sukkur, Mirpurkhas, Larkana, Dadu, Nawabshah and Jacobabad. These, however, could not be obtained during the year under report and will be provided in this year.

Honorary Medical Officers.

(7) The Honorary Medical Officers at the various hospitals continued to do useful work and the following additional posts were sanctioned for the Civil Hospital, Hyderabad, during the year :—

(1) Honorary Surgeon.

(2) Honorary Physician.

(3) Honorary Ear, Nose and Throat Surgeon.

Revised rules governing the appointments and working of Honorary Medical Officers in Sind were introduced by Government and these are working satisfactorily.

Facility to work at Hospitals.

(8) In order to provide facilities to private medical men and women to obtain experience of hospital work, Government authorised the Director to allow medical practitioners to work informally at State Hospitals if they agreed to abide by the rules and discipline of the institution concerned. This serves the purpose of affording practitioners an opportunity to widen and increase their clinical knowledge, and at the same time provides additional assistance for the hospital staff.

Refresher Course.

(9) In order to give medical practitioners an opportunity to improve their clinical knowledge, Government propose to institute intensive post-graduate refresher courses. The instruction to be given consists of clinical lectures and demonstrations at the Medical School, Hyderabad, and confined to the following subjects :—

Medicine.

Surgery.

Midwifery and Gynaecology.

Venereal Diseases.

Diseases of the Eye.

The number of students to be admitted to the course are not to be less than four and not more than ten at a time. Government Medical Officers are allotted two seats out of ten. The duration of the course is 10 days.

Advisory Committees.

(10) Thanks are due to all members of Hospitals Advisory Committees who attended meetings during the year.

Rural Re-construction.

(11) With a view to assisting the Rural Re-construction Department, orders have been issued to all Medical Officers in charge of District Head-quarters' towns to extend their full co-operation and render every assistance to the Department to achieve the object laid down. Permission was granted to train District Organisers in First Aid and the treatment of minor ailments for a period of fifteen days at the District Hospitals.

Malaria.

(12) *Diseases.*—Of all diseases, Malaria continues to be the most prevalent in as much as 3,21,735 cases were treated against 2,63,466 in the previous year.

Plague.

No case of plague was reported during the year.

Small-pox.

The number of cases of Small-pox treated during the year was 215 against 255 in 1938, a decrease of 40 which is satisfactory.

Pneumonia.

An increase in Pneumonia cases is noticeable. During the year 12,013 patinets were treated against 9,907 in 1938 with mortality of 172 and 174 respectively.

Tuberculosis.

The number of Tuberculosis patients treated at various hospitals and dispensaries was 10,104 against 8,526 in 1938. The disease is, however, on the increase. One Sind Subordinate Medical Service Officer was deputed to a course of instruction at the Shewaram Ramrakhiomal Tuberculosis Dispensary, Karachi, and was posted to the Civil Hospital, Sukkur, with a view to starting a Tuberculosis Clinic.

The Sind Provincial Tuberculosis Association was inaugurated during the year (16th March 1939).

Leprosy.

The exact number of lepers in the Province is not known as no regular survey has so far been made. The victims of the disease are mostly non-Sindhis. The Leper Hospital at Mangho Pir continued to do very good work and provides accommodation for 100 patients.

Eye Diseases and the Prevention of Blindness.

Excellent work has again been carried on by the Seth Hiranand Charitable Eye Hospital, Shikarpur, (Sir Henry Holland, M.B.,B.S., F.R.C.S. (Edin.), and the Henderson Blind Relief Association (Dr. Sachanand, L.C.P. & S. (Bom.), in the treatment of Eye diseases and prevention of blindness.

L (IV) 2626—2

Anti-rabic treatment Centres.

(13) During the year under review anti-rabic treatment centres were established at six Headquarters' Hospitals and at the Rao Bahadur Udhavdas Tarachand Hospital, Shikarpur. Thus facilities are now available for anti-rabic treatment at all the District Headquarters Towns.

Maternity Homes and Child Welfare.

(14) The number of labour cases (both normal and abnormal) conducted during the year 1939 was 9,143 against 7,631 with mortality of .5 per cent. against .7 per cent. in 1938.

Countess of Dufferin's Fund.

(15) The Countess of Dufferin's Fund, Sind Provincial Council, presented instruments costing Rs. 4,340 to female medical institutions. This help has been very much appreciated by the Medical Officers in charge of the female Hospitals.

Spurious Drugs.

(16) The facilities afforded in respect of the examination of drugs and chemicals by the Bio-Chemical Standardisation Laboratory at Calcutta established by the Government of India were not availed of during 1939.

Air Raid Precautions.

(17) In the spring of 1938, His Excellency the Governor of Sind established a Committee consisting of officials and non-officials with a view to formulating a plan for air raid precautions to be enforced in Karachi, which is vulnerable to air attack owing to its geographical position.

This Committee held a number of meetings during the year 1939 and an extensive scheme for Passive Air Defence was evolved. Amongst the various measures arranged, were the provision of adequate facilities for the treatment of casualties in case of air raids and the establishment of Casualty Clearing Hospitals, First Aid Parties and First Aid Posts. Thanks are due to all members of the Committee who regularly attended the meetings and especially to Majors J. L. Maxwell and Tovey Tuffin of Headquarters, Sind Brigade Area, for their expert guidance and advice. In order to strengthen activities and to establish a liaison between the various organising authorities, the Committee, on the out-break of war, stressed the need of appointing a whole-time Air Raid Precautions Officer for the City of Karachi. This recommendation was accepted by the Government and a full time Officer of the Indian Police Service was appointed. Later the appointement of a whole-time medical Officer was sanctioned, for charge of the Casualty Clearing Hospitals in the City. Dr. B. W. Advani was deputed by Government to Panchmari for training in anti-gas Air Raid Precaution measures.

Khan Bahadur S. D. Contractor, District Superintendent, St. John Ambulance Brigade Overseas, organised 24 First Aid Parties consisting of four members each fully trained in First Aid. With the valuable help of Dr. H. P. Billimoria, former Health Officer of the Municipal Corporation, Karachi, 24 First Aid Posts were established in suitable centres in Municipal and private dispensaries, and in a few cases in dispensaries owned by private medical practitioners.

Thirty-seven private practitioners volunteered to work at the First Aid Posts in case of emergency and also to assist the Government staff at the hospitals. Thanks are due to all these medical practitioners and also to the Municipal Corporation and those practitioners who have very kindly placed their dispensaries at the disposal of the authorities for Aid Posts.

St. John Ambulance Association.

(18) The St. John Ambulance Association continued to do good work during the year.

Classes in First Aid Home Nursing and other allied subjects were held at almost all schools and other institutions in Karachi.

Government sanctioned an annual grant of Rs. 1,000 for the Association.

The most notable event of the year was the announcement by Khan Bahadur K. H. Katrak, O.B.E., of his intention to provide a building for the St. John Ambulance and Red Cross Headquarters. This is expected to be ready before the close of 1940.

St. John Ambulance Brigade Overseas.

(19) The Sind District of the St. John Ambulance Brigade was formed in the early part of the year and comprised one Ambulance Division and three Nursing Divisions, which were previously under the administration of Bombay (No. 3) District.

Red Cross Society.

(20) The Sind Provincial Branch of the Indian Red Cross Society continues to render useful service to the Province in training *Dais* and other activities including Child Welfare Centres at Karachi and Sukkur and five Maternity Homes at Thul, Shahdadkot, Nawabshah, Dadu, and Gambat in Khairpur State.

The Government of Sind sanctioned an annual grant of Rs. 2,000 for the Society.

The outstanding event of the year was the formation in conjunction with the St. John Ambulance Association of the Sind Joint War Committee.

(21) During the year under review, the Sind Nurses, Midwives, Health Visitors and Dais Registration Act, 1939, was passed.

Legislation.

(22) During the year under report there has been a considerable increase in the work at all hospitals and I take the opportunity of recording my appreciation of the valuable services of all gazetted, honorary, and non-gazetted medical officers, who have worked with great zeal and enthusiasm sometimes under difficult conditions.

Concluding Remarks.

The staff at all hospitals has worked well.

The clerical staff at Head Office have continued to work most satisfactorily under the able guidance of Mr. Jehangir. There has been a marked increase in the office work owing to various war activities and I much appreciate the extra work that has been put in most willingly by Messrs. Jehangir and Hamidali, who did all the clerical work in connection with the Air Raid Precautions Scheme and Committee.

15. A note on the Medical School, Hyderabad (Sind), for the year under report is attached as "Appendix I".

16. A special note on rural medical relief is attached as "Appendix II".

I have the honour to be,

Sir,

Your most obedient servant,

N. BRIGGS,

Lieut.-Colonel, I. M. S.,

Director of Health Services and

Inspector-General of Prisons, Sind.

APPENDIX 'I'.

MEDICAL SCHOOL, HYDERABAD (SIND).

The year opened with 100 students in various classes and closed with 75 students. The distribution of these 75 students by classes is shown below :—

Year.	Males.	Females.	Total.
First	25	1	26
Pre-final	7	...	7
Final	36	6	42
Total ...	68	7	75

The number of new admissions in 1939 was 16. The number of successful students in the final L.C.P.S. examinations during the year 1939 was 24.

2. The following table shows the number of students that appeared during 1939, for first, and final examinations of the College of Physicians and Surgeons, Bombay :—

Year.	1st L.C.P.S.	Final L.C.P.S.
1939.		
Appeared	25	80
Passed	7	24
Failed	18	56

Income and Expenditure.

3. The following table shows the income and expenditure of the Medical School for the year 1939 :—

Item.	Hyderabad.	Item.	Hyderabad.
Receipts.	Rs.	*Expenditure.*	Rs.
Fees from paying pupils	8,484	Pay of officers ...	23,257
Scholarships and prizes, etc.	133	Pay of establishment ...	7,615
Hostel rent ...	1,036	Allowances, honoraria.	3,954
Miscellaneous ...	112	Contingencies ...	6,754
		Scholarships and prizes.	3,128
		New works and repairs to buildings ...	786
Total ...	9,765	Total ...	45,494

4. The cost to Government for each student for 1939 was Rs. 607.

5. During the year 1939, the number of beds in the attached hospital was 148, and the daily average number of in-patients was 143·1. The daily average number of out-patients was 178·2 The number of confinement cases was 78 compared to 73 in 1938.

General Remarks.

6. The number of students admitted during the year was 16.

7. The clinical side room attached to the Medical Ward has been fully equipped for ordinary ward tests, such as examination of blood slides for Malaria parasites, examination of stools for parasitic ova, etc., and sputum examination, which are carried out by students under the observation, and instruction of a special Medical Officer deputed for this purpose.

The new Pathological Laboratory attached to the Medical School has had extra equipment provided and it is now possible to carry out almost all general and special pathological examinations there.

A sum of Rs 4,972 has been spent during the year on new equipment for the Pathology, Physiology, Anatomy and other Departments.

A class in Operative Surgery has been held in addition to the routine lectures in Surgery.

Special organised instruction in administration of Anaesthetics has been given to final year students.

8. The staff has worked well during the year.

9. The male students have been kindly permitted to continue to receive instruction in Practical Midwifery at the Nowrosjee Wadia Maternity Hospital, Bombay.

The female students have been permitted to attend their practical Midwifery at the Lady Dufferin Hospital, Karachi.

10. Plans and estimates have been prepared for various structural additions and alterations to the school building but in view of the proposed transfer of the School to Karachi, none of the works have been taken in hand.

11. A statement showing the details of the teaching staff and their hospital duties and school duties is appended.

Statement showing the names of the teaching staff, and their academic qualifications, scale of pay and their duties in the Medical School and whether whole-time, part-time or honorary with hospital duties.

Name.	Academic qualifications.	Scale of pay.	Medical School duties.	Whether whole-time, part-time or honorary.	Hospital duties.	Whether whole-time, part-time or honorary.
Major J. E. Gray, I.M.S. ...	M.B.,B.Ch. (Belf.)...	Pay of I. M. S. rank according to stage of service. Present pay Rs. 1,100.	Superintendent and Lecturer in Surgery.	Part-time ...	Civil Surgeon ...	Whole-time.

APPENDIX II.

RURAL MEDICAL RELIEF.

The tabulated statements indicate the extent to which medical aid is available in each of the districts of this Province.

Since the issue of a special note on rural medical relief, which has been printed as Appendix II to the Annual Report on the Civil Hospitals and Dispensaries in Sind for the year 1936, the following new grant-in-aid dispensaries have been opened by various District Local Boards and Municipalities :—

Karachi District—

Dispensary at Bano	1938-39.
Dispensary at Jhimpir	1939-40.

Hyderabad District—

Dispensary at Tando Ghulamali ..	1937-38.
Dispensary at Tando Jam	1938-39.
Dispenary at Matli	1939-40.
Dispensary at Nasarpur	1939-40.

Sukkur District—

Dispensary at Daharki	1938-39.
Dispensary at Dakhan	1939-40.

Nawabshah District—

Dispensary at Berani	1938-39.
Dispensary at Bhiria	1939-40.

Thar Parkar District—

Dispensary at Dengan	1938-39.
Dispensary at Pithoro	1939-40.

Dadu District—

Dispensary at Sann	1938-39.
Dispensary at Bhian	1938-39.
Government Dispensary at Laki ..	1938-39.
Dispensary at Balishah	1939-40.

Upper Sind Frontier District—

Dispensary at Bakhshapur ..	1938-39.
Dispensary at Garhi Khairo	1939-40
Dispensary at Gouspur	1939-40.

Travelling Dispensaries.—During the year 1938-39, Government provided two motor travelling dispensaries to tour in rural areas, the staff of which render medical relief, distribute quinine and carry on public health propaganda. The dispensaries are transferred from one district to another and in case of an epidemic are rushed to the infected area. It is hoped that each district will be provided with one motor travelling dispensary.

(*i*) (1) N.-W. R. Dispensary, Jacobabad, (2) Jodhpur Railway Dispensary, Mirpurkhas

NOTE.—34 dispensaries include 10 dispensaries transferred from one Class to another and additions.

CLASSES I and II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial or imperial funds are practically responsible for all the charges connected with it. Class I—Public are "State" Dispensaries which are open to all classes of the public. Class II are State Dispensaries which serve only a special section of the public.

CLASS III.—Local fund dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed or maintained by Local or Municipal funds. The fact that such an institution is aided by private subscriptions or receives assistance from the Government in the shape of part of the salary of the Medical Officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local fnnds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State-railways or others.

NOTE.—The increase of Rs. 4,757 in the opening balance for the year 1939 against the closing balance for the year 1938 is due to the fact that—

(1) The opening balance for Lady Dufferin Hospital, Karachi, is shown Rs 1,49,148 against the last year's closing balance of Rs. 1,49,087.

(2) The opening balance for Women's Hospital, Hyderabad, is shown Rs. 10,786 against the last year's closing balance of Rs. 6,090.
